Our goal at Cleveland Clinic is to provide our patients with the highest quality health care. One of the best ways to do this is to ask our patients what we are doing well and what may need improvement. If you receive a survey about your hospital stay, thank-you in advance for completing and returning it.

PLEASE NOTE: I understand that the emergency care which I received is not intended to be complete and definitive medical care and treatment. Follow-up care and treatment by your physician or referral physician/clinic is important to your health and safety.

FOLLOW the instructions attached. If you had diagnostic tests such as x-rays, blood tests and/or EKG's, they were initially interpreted to determine the need for emergency treatment. These diagnostic tests may be reviewed in consultation with other Cleveland Clinic staff and if further treatment is necessary we will attempt to notify you. PLEASE MAKE SURE we know how to reach you.

IF YOU ARE FEELING WORSE OR YOUR CONDITION HAS NOT IMPROVED IN 24 HOURS, RETURN TO THE EMERGENCY DEPARTMENT OR SEE YOUR REGULAR DOCTOR.

Medina Emergency Department
1000 E Washington St
MEDINA OH 44256
Phone: 330-725-1000

Medication Instructions

You have received a medication that may cause drowsiness, dizziness, and/or blurred vision. This may affect mental alertness and coordination that can impair your ability to drive or operate machinery. Please use caution if driving or consider having someone else drive for you. If you have any questions, please speak to your provider prior to discharge.

Thank you for choosing Cleveland Clinic. We appreciate the trust you have shown in our Emergency Department to meet your immediate healthcare needs.

In addition to our Emergency Departments, Cleveland Clinic offers a variety of healthcare services including physicians' offices, urgent care centers and express care. To see a listing of these options, please visit, <https://my.clevelandclinic.org/ccf/media/Files/patients-visitors/level-of-care-map.pdf>

We encourage each patient to have an on-going relationship with a primary care provider (family doctor). If you do not have a healthcare provider, we encourage you to call for an appointment today. Primary care providers can help you to better manage your care and time based on your schedule. If you would like to schedule an appointment with any Cleveland Clinic Provider, please call our appointment center at 1-866-320-4573 or (216) 444-2273 (7 a.m. - 11 p.m. ET, daily). For **Akron General**, please call 1-330-344-2273 (CARE) (8 a.m.-5 p.m. ET, Mon through Friday) or **in Florida**, please call 1-877-463-2010 (7 a.m.- 6 p.m. ET, Mon through Friday and 8 a.m. - 12 noon Saturday). For **Ashtabula Regional Medical Center** direct access scheduling 1-440-997-6969 and for OB 1-440-997-6915 (8 a.m.-4:30 p.m. Mon through Thursday and 8 a.m.-1 p.m.Friday).

If you have questions or need help determining what care option best meets your need, please contact your local provider.

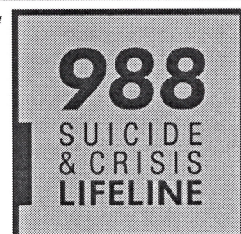

If you or a loved one is struggling with a mental health or substance abuse issue please visit <http://mha.ohio.gov/> for the Ohio Department of Mental Health and Addiction Services website. For information on how to help a loved one <http://www.takechargeohio.org/Get-Help/Help-Someone>. Please go to www.emeraldjennyfoundation.org for a list of substance abuse treatment providers available by county.

Our Emergency Department wishes you a speedy recovery.

Need Help? Having Suicidal Thoughts? Call or Text 988

When people call, text, or chat 988, they will be connected to trained counselors that are part of the existing National Suicide Prevention Lifeline network. These trained counselors will listen to and understand how the caller's problems are affecting them, provide support, and connect them to resources if necessary.

If you or someone you know needs support now, call or text **988** or chat **988lifeline.org**

PEP22-08-03-001

Crisis Text Line: Text HOME to **741-741**

The patient/guardian and/or patient representative verbalized understanding of all discharge instructions and were provided with a copy of the After Visit Summary.
